- 4) Student scoring below a 4 on the Woodcock Munoz Revised will also be considered LEP
- 5) If the student is considered LEP, continue to the next enrollment step. If the student is not considered LEP, the student does not qualify for ESL programs.
- 6) The LPAC will then convene and decide on the appropriate placement for each student.
- 7) If ESL programs are suggested then a parent letter must be sent home in English and the native language along with all other required forms.

A parent may deny the ESL program for their student in writing and the LPAC will notify PEIMS of a Parent Denial. The student will be monitored and reviewed for academic progress. If adequate progress is not reached the parent will be offered the instructional program once again.

A copy of the notification letter should be placed in the student's permanent folder.

ANNUAL REVIEW:

The LPAC shall meet annually to determine if a LEP student should be classified as English proficient and/or the student has made adequate progress based on federal regulations.

At the end of each year, the LPAC will meet to review student progress and determine whether the student will continue in the program or qualifies for exiting the program. Students must meet established exit criteria and show mastery in listening, speaking, reading, writing, and comprehension in English to successfully exit the ESL programs.

Annual LPAC considerations:

- 2) The student's grades for each grading period throughout all subjects
- 3) Student performance on state assessment instruments
- 4) The number of credits earned toward graduation
- 5) Any disciplinary actions taken against the student under Education Code Chapter 37, Subchapter A.

For determining whether a student should be exited from English as a second language program is academically successful, the following criteria shall be used at the end of the school year.

- 1) The student meets state performance standards in English of the criterion-referenced assessment instrument for English Language Arts required in the Texas Education Code, §39.023, for the grade level as applicable.
- 2) The student has passing grades in all subjects and courses taken.

PROGRAM EXIT:

For exit from the ESL program, a student:

- 1) May be classified as English proficient at the end of the school year in which a student would be able to participate equally in a regular, all-English, instructional program as determined by:
 - a. Meeting state performance standards for the English language criterion-referenced assessment instrument for reading and writing (when available) required in the Texas Education Code, §39.023, at grade level; and
 - b. Tests administered at the end of each school year to determine the extent to which the student has developed oral and written language proficiency and specific language skills in both the student's primary language and English; or

In making the determination for exit, the District shall also consider other indications of a student's overall progress, including criterion-referenced test scores, TELPAS scores, subjective teacher evaluation and grades, and parental evaluation.

STUDENT MONITORING:

For determining whether a student who has been exited from an English as a second language program is academically successful, the following criteria shall be used at the end of the school year.

- 1) The student meets state performance standards in English of the criterion-referenced assessment instrument for English Language Arts required in the Texas Education Code, §39.023, for the grade level as applicable.
- 2) The student has passing grades in all subjects and courses taken.

The language proficiency assessment committee shall monitor the academic progress of each student who has exited from the ESL program within the past two years to determine whether the student is academically successful. Those students who are not academically successful due to limited English proficiency shall be reclassified as limited English proficient (LEP), and shall be recommended for participation in the ESL program, with parental approval. Students who are not reclassified as LEP may be placed in compensatory and accelerated instruction or other program which addresses their needs.

STUDENT COUNTS:

Within 20 school days of the beginning of school (that is, the students' enrollment date), the LPAC shall determine and report to the Board the number of LEP students on each campus and shall classify each student according to the language(s) in which the student possesses primary proficiency. The Board shall report that information to TEA before November 1 each year.

PROGRAM CONTENT AND DESIGN:

The school district will offer an ESL program and/or an approved special language program which provides each limited English proficient student the opportunity to be enrolled in the program at his or her grade level. Each student's proficiency shall be designated by the LPAC. The district will modify the instruction, pacing, and materials to ensure that LEP students have a full opportunity to master the essential knowledge and skills of the required curriculum. The ESL program shall be an intensive program of instruction in English from teachers trained in recognizing and working with language differences and shall be consistent with graduation requirements of the state. The LPAC may recommend appropriate services that may include content courses provided through sheltered instructional approaches by trained teachers and/or enrollment in ESL courses.

The ESL program shall be an integral part of the regular educational program and use state-adopted ESL instructional materials and supplementary materials as curriculum tools. In addition, the district may use other curriculum adaptations which have been developed. The district shall provide for ongoing coordination between the ESL program and the regular educational program. The ESL program shall address the affective, linguistic, and cognitive needs of limited English proficient students. Except in the courses specified in the section entitled Participation of this policy, ESL strategies, which may involve the use of the students' home language, may be provided in any of the courses or electives required for promotion or graduation to assist the limited English proficient students to master the essential knowledge and skills for the required subject(s). The use of ESL strategies shall not impede the awarding of credit toward meeting promotion or graduation requirements.

Districts may join with other districts to provide English as a second language programs.

The program will assess achievement for essential skills and knowledge in accordance with the Texas Education Code, Chapter 39, to ensure accountability for limited English proficient students and the schools that serve them.

The district will conduct an annual evaluation of their English as a second language programs and retain them for monitoring teams. Monitoring teams will make recommendations for improvements in program implementation prior to the next academic year.

PARTICIPATION:

LEP students shall participate fully with English-speaking students in regular classes provided in subjects such as art, music, and physical education. The District shall provide students enrolled in the ESL program a meaningful opportunity to participate fully with other students in all extracurricular activities and other special programs as designed. (I.e. tutorials, special education, CATE)

FACILITIES:

The ESL program shall be located in the District's regular schools rather than in separate facilities. Students enrolled in ESL programs shall be placed in classes with other students of approximately the same age and level of educational attainment. The District shall ensure that each student's instruction is appropriate to the student's level of educational attainment, and the District shall keep adequate records of the educational level and progress of each student enrolled in the program.

OPTIONAL PROGRAMS

The District may establish on a full- or part-time basis other summer school, extended day, or extended week special language programs for LEP students.

The programs may not substitute for the program to be provided during the regular school year. *Education Code 29.05*
