When a position is campus/department-specific, administrators review all

applications and then contact selected candidates for interviews. Candidate screening considerations can include but are not limited to recent application for a job, years and types of experience, skills sets, certifications, and additional information provided in the cover letter.

14. The interview process

Administrators review all applications and then contact selected candidates for interviews. Selected candidates are encouraged to show up to their scheduled appointment early, fully prepared, and have extra copies of any documentation they plan to share with the interview committee. Every attempt will be made to notify all candidates of the employment decision as soon as possible.

15. Receiving the job offer

Upon completion of the interview process, Human Resources will call the new employee to discuss the offer letter and obtain a start date. New hires should also contact their hiring supervisor to clarify orientation dates. NOTE: Only a representative of the Texans Can Academies Human Resources Department is authorized to make offers of employment.

16. Release from another district (Teachers only)

Anyone who has been recommended for hire with Texans Can Academies, and who is under contract with another district, must provide a release letter from their previous district before Texans Can Academies can officially offer employment.

17. Transcripts and service records

Service records and transcripts are used by TCA to apply years of service toward a salary adjustment for teachers, validate stipend eligibility, and confirm certification requirements (and HQ status required for instructional aides only). Employees must submit service records within sixty (60) days of the start date (unless otherwise notified) for consideration in a salary adjustment. When this happens, retroactive pay is divided across all remaining pay checks for the year.

The salary listed on the employment offer letter provides the base salary. Service years are adjusted once service records are received and confirmed. This process usually takes two (2) or more weeks after all records are received and confirmed, depending on the time of year. Salaries for all other employees are determined based on years of creditable (teachers and instructional aides)/comparable (non-classroom employees) experience and internal equity.

Obtain additional information or get answers to other new hire questions by emailing jaguilar@texanscan.org. Official transcripts may also be mailed to:
