A Big Deal Deserves Big Respect!

You and your neighbors have something big to celebrate—**hearing your child's name as they walk across the stage**. We respectfully ask that all our guests refrain from shouting as names are called, so you and your neighbors can hear the names you're itching to hear!

To expedite the ceremony and allow the next graduating class to enter without disruption, we also request that you meet your graduate outside the following the ceremony.

Thank you for helping this night to be memorable for all!
